Subject: Notification of New Pipeline Construction
Fort Mill Lateral

Ms. Boyd:

York County Natural Gas Authority (YCNGA) is working with our Contractors to install approximately 8.5 miles of 12" natural gas pipeline. This project will tie into existing facilities at US 21 in Fort Mill, SC and will terminate at US 521 in Indian Land, SC; providing not only a double-feed into Lancaster County, but will also increase supply into the growing town of Fort Mill.

Initial cost estimates show that this project will exceed the \$500,000 threshold established in the Commission's Rules and Regulations 103-412.2.7 under "New Construction".

Please consider this letter as notification that YCNGA will begin pipeline construction for this project within the coming weeks: our target date to start is April 15th, 2015. It is expected the duration of this work will extend into November 2015. YCNGA will copy the Office of Regulatory Staff with this notification and will work with either office if further correspondence is requested.

If you have any questions, please contact me at (803) 323-5357.

Sincerely,

Terryn Adams
Engineering Manager, YCNGA
